Our team of highly skilled and experienced craftsmen works tirelessly to create albums with exceptional attention to detail. We utilize cutting-edge printing technology to ensure the highest quality prints possible.

Our albums are designed to have a premium look and feel, thanks to the superior quality of the materials used.

Our flush mount lay-flat pages offer panoramic spreads, providing photographers with greater flexibility and creativity.

We have a variety of cover options to choose from, including Acrylic Cover, Photo Cover, Metal Cover, and Wood Cover. We offer a range of materials, including full-grain leather, natural fibers, and eco-leather, to help you create a truly unique album.

Leather: Caprone 0900  
Inset Photo Opening

## LEATHER COVER

Simple and timeless. Select from our full range of materials, including full-grain leather, natural fibers, and eco-leather. Personalize your album by adding one or more of our cover options, such as a photo opening, name & date imprinting, UV-printed monogram, and much more.

# ACRYLIC COVER

Flawlessly clear acrylic bonds over a metallic photo print, creating a stunning full-image cover with vivid colors. This is our most popular cover option.

Leather: Carolina Truffle

# METAL COVER

Using dye sublimation, we infuse the image directly onto a glossy ChromaLuxe® metal photo panel. The details and vibrant colors of the image remains, while the natural silver of the aluminum shines through.

Only available up to 12x12/11x14

Leather: Western Flower Graphite

Fabric: Midnight  
with Custom Matching Box

## WOOD COVER

We print the image directly onto a birch wood board. Colors remain vibrant with a white underlay, while still allowing for the texture of the wood to be seen.

Only available up to 12x12/11x14

Leather: Rawhide

## ACRYLIC PANO

Achieve a modern aesthetic by incorporating an acrylic strip onto the cover of your album.

Only available from 10x10 - 16x16

# WOOD PANO

If you're not quite ready for a full wood cover, consider a Wood Pano as an alternative. With this option, images are printed directly onto the wood, and you can choose between a horizontal or vertical orientation.

Only available 10x10 - 16x16

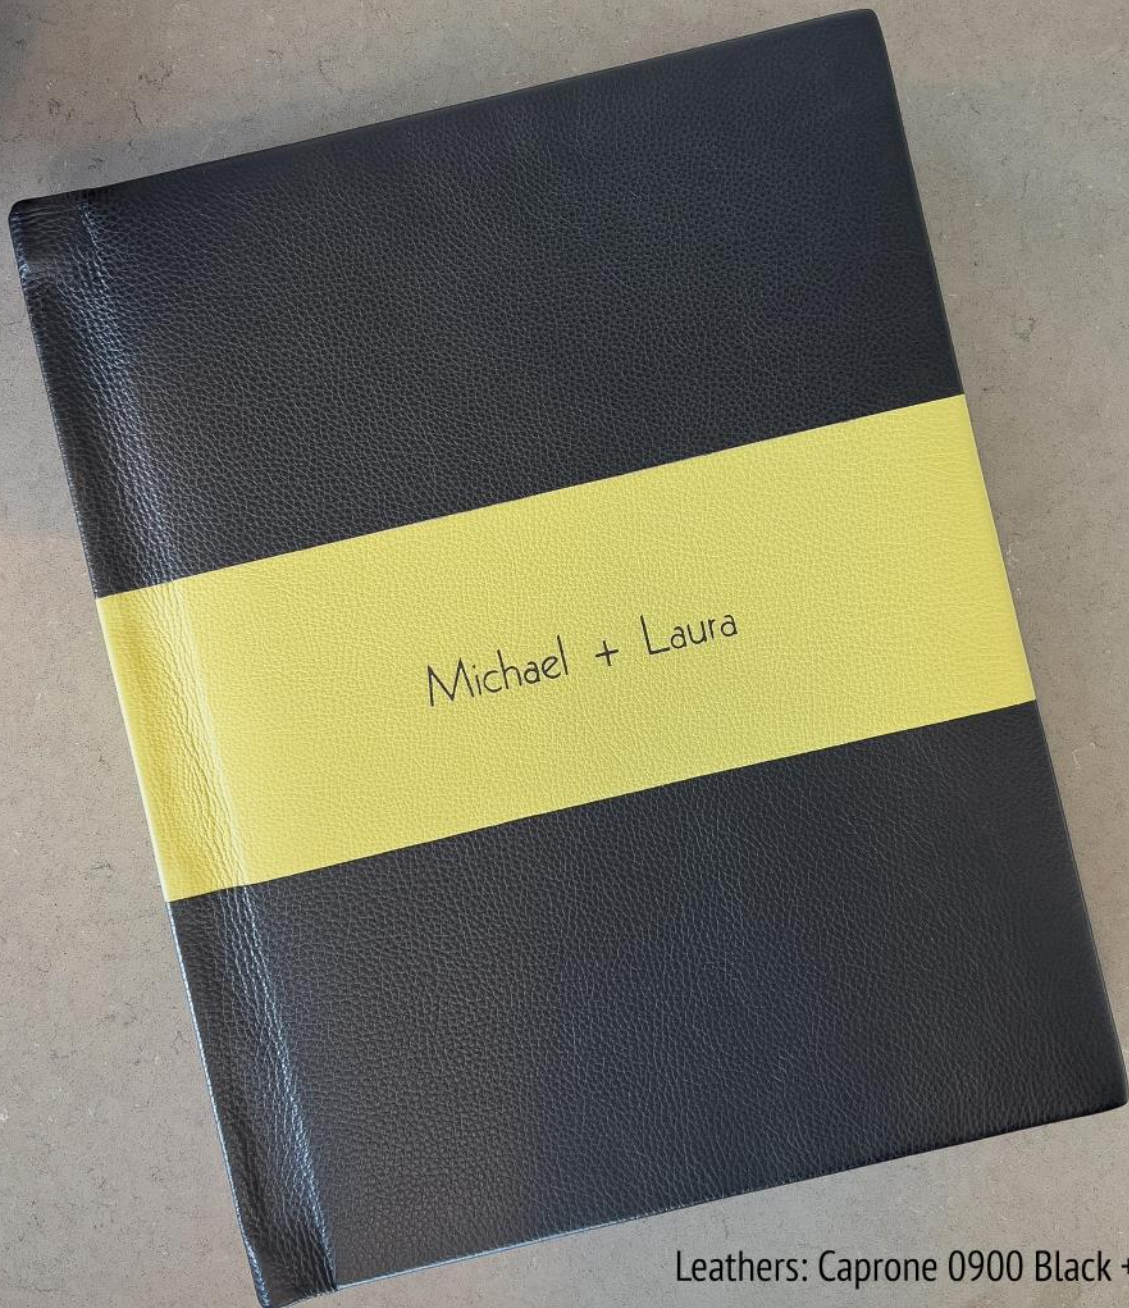

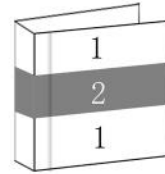

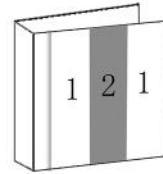

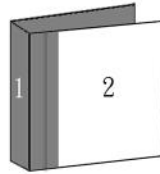

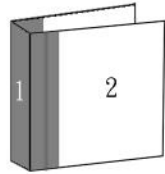

Leather: Abyss

# TWO-TONE

Unleash your creativity and design a one-of-a-kind album by combining two different cover materials. The options are endless, so let your imagination run wild!

Available Styles:

Leathers: Caprone 0900 Black + LR526 Sage

Name: Kabel Lt in Black

Leather: LR393 Standard Black

## **PHOTO COVER**

Don't want the gloss or texture of Acrylic, Metal, or Wood? Photo Cover has a subtle lustre photo surface that still gives you a full photo front cover.

Fabric: Blue Jean  
with custom monogram  
stamped in copper

## FABRIC COVER

Choose from beautiful fabric colors and add a personal touch with hot foil stamping, UV-printing, or laser-etched titles to create a unique photo album for your cherished memories.

# VIVID COVER

Slim and sleek, with sharp edges and a high gloss image wrap cover that displays your photos inside and out. Plus, it's leather-free.

Only available 8x8 - 11x14/14x11

# CHARM SERIES
